

“Remind” is an application that allows for text communication without anyone actually having anyone’s phone numbers. It’s safe and keeps a record of everything sent. This app is quite popular for teacher communication with parents and students, especially when everyone needs to get info quickly.

To join our Symmes Valley remind:

Send a text to: 81010

Send this message: @symmesval

Once I approve you to join, you’ll receive any notifications I send out. It’s that simple.

For less urgent, yet still important info, make sure you join our Facebook page (link at the bottom of our website: symmesvalleyband.com)
